Malhotra, J. Marshall, P. Michel , M. C. Nolan , M. E. Perry, B. Rizk , A. Ryan, S. A. Sandford, D. J. Scheeres , H. C. M. Susorney, F. Thuillet, D. S. Lauretta and The OSIRIS-REx Team

Correction to: *Nature Geoscience* <https://doi.org/10.1038/s41561-019-0326-6>, published online 19 March 2019.

In the version of this Article originally published, in the sentence “There are three identified boulders with long axes exceeding 40 m and more than 200 boulders larger than 10 m²”, the term “10 m²” should have been “10 m (ref. ²)”. This has now been corrected.

Published online: 4 April 2019
